# THE 1949 BLUE and GOLD

# FOREWORD

In planning this "Blue and Gold", we of the staff have tried to put ourselves in your places looking over your past four years. It is our wish that in this book you will find the embodiment of your high school memories: the students, the teachers, the games, the plays, the things you took part in and the things you only heard about; we've

tried to include them all. The editorial staff has written about you, the photographers have pictured you, the art staff has drawn you, and the business staff has ads from the firms you've patronized. We hope you will treasure this memento of you and your school, Hudson High, now and later in life.

If we were to make a blueprint for a high school principal, we would probably include these qualities: strict discipline, deep understanding, hard work, the ability to relax, dignity, approachableness, a ready smile, interest, and a sense of humor. These qualities have endeared Mr. Clayton D. Fox to us during the latter half of our school days when he has been in Hudson High School. We, the class of 1949, take great pride in dedicating our yearbook to him.

Remember the  
Columbia Forum  
Best wishes to a swell  
fellow ad a real deal.  
You deserve the best of  
everything. I shall  
keep in touch  
with you.  
D. Fox

MR. EVERETT S. HEWES

It is with deep feeling that we note the passing of a master teacher, Mr. Everett S. Hewes, who died on November 30, 1948. Mr. Hewes served for thirty-four years in the Hudson Schools as head of the Commercial Department, Senior Advisor and teacher of American History, retiring in 1945. His death concluded a career of helpfulness and inspiration to the young people of Hudson.

Mr. Hewes was not only voted the most popular teacher year after year, but also made a lasting impression upon all his students with his vivid interpretation of American History. His kind and patient help and his sparkling wit will never be forgotten by those who were in his well-ordered classes.

Dr. Martin F. Varley, Mr. Grant Eitleman, Mr. John T. Kaemmerlen, Mr. T. H. M. Hathaway, Mrs. L. J. Early, Mr. William F. Christiana. Not shown: Dr. Philip Freinberg, President.

## BOARD OF EDUCATION

These are the fine-spirited citizens to whom we owe our thanks for running the Hudson city schools so smoothly. Each member of the Board is appointed by the mayor for five years of service. During their meetings every second Monday in the month at 7:30, they discuss many problems of the Hudson schools — always with the welfare of the young people in mind.

We, the students of H. H. S., wish to express our appreciation of their work and of the able leadership of Mr. Kaemmerlen both in the schools and on the Board of Education.

# FACULTY AT EASE

# SENIORS

# CLASS

Four years have slipped by already. It hardly seems possible, but here we are, seniors, ready to take our first step in a busy world. It seems like just a few months ago when the class of '49 made its first appearance in Hudson High. I guess we weren't too much to look at then, as every freshmen class usually isn't. Kind of shy and apprehensive of the god-like seniors, we started on our four year trip through the marble halls of Hudson High . . . . Think back with us. It isn't so very long ago. We're freshmen again; then sophomores and so on.

One of the first things we did was to nominate members of the class for the executive class positions. Miss Calkins presided over the meeting and a slate of nominees was drawn up. Several days later the students polled their votes and the following officers were inaugurated: president, Anita Kipp; vice-president, Thomas Torchia; secretary, George Deligianis; treasurer, Virginia Pratts. Next, the representatives to the Student Council were chosen to give us our due say in school government. Janet Kachuba, Rosalie Epstein, Harold Margolin, Mary Ellan Coons, and Roland Speer filled these posts. Having become somewhat settled, we met in study A to decide upon a class emblem, and a shield-shaped insignia was chosen. Our class colors, maroon and white, were inherited from the class of 1945. The freshmen-sponsored dance was one of the best social affairs of our initial year. Named the Spring Swing and characterized by tiny dolls in diminutive swings, it was a great success and gave a favorable impression of us to the upperclassmen. Two members of the class were nominated for Student Council offices. Virginia Pratts vied for secretary, while Roland Speer entered the race for assistant secretary. More honor befell the class when Ann Price's violin and Virginia Belknap's soprano voice garnered them a first and second place respectively in the competition in the New York State Schol Music Association. So ended the first year in high school. We were now full fledged members of Hudson High.

Immediately upon our return to school as sophomores, we again elected class officers. They were: president, Virginia Pratts; vice-president, James Con-cra; secretary, Neva Schneider; and treasurer, Gloria Wentworth. With an early date set for the class dance it soon became our immediate problem. Again a catchy name characterized the dance, the Autumn Swirl. The decorations consisted largely of huge paper leaves in every combination of fall colors. Needless to say, it, too, was very successful. Again a staff of representatives were chosen to speak for us in the Student Council. Those that were honored with the posts were: Virginia Pratts, Arlington Almstead, Mary Jane Rehder, Edythe Porpa, Peter Velz, Joseph Pazera and Thomas Torchia. The second year seemed to be the one for George Deligianis. George won an honor rating in a national oratorical contest, first prize in the Knickerbocker Journalistic

# HISTORY

Contest, was elected vice-president of the Student Council, and treasurer of the Charlatans. This year was made a lot easier by the mother-like guidance of our advisor, Mrs. Aird. So ended another year, which sent us prospective juniors to our summer vacation wondering how it would feel to be a bonafide upperclassman.

Once again a new year opened its doors to the returning students. This was our third year; we were juniors, and believe me, we thought we were head and shoulders above the rest of the world. With the proper haughty disdain due upperclassmen, we set about choosing our Student Council representatives with the following honored: George Cuttita, Rose Turk, Marvin Price, Gloria Wentworth, Jack Hallenbeck, and Bernice Himmel. As a direct result of some clever manipulating by the junior boys, the following were elected to the class offices: president, James Concra; vice-president, Lawrence Sutti; secretary, John Cox; and treasurer, Thomas Torchia. October 5 was a great day for the juniors. One hundred and thirty-five juniors ordered their class rings. Boy, did we feel important that day! Ray Ponkos became tennis champion of the school to add another honor to the class's list of achievements. Under the enthusiastic direction of our advisor, Miss Simon, the junior dance, the Cactus Carnival, took form. Latin American decorations which were as clever as beautiful were the trademarks for this affair. With the semi-annual induction of the National Honor Society, thirteen juniors received the highest of honors by being asked to become members. They were Jane Collier, Mary Ellan Coons, George Cuttita, Rosalie Epstein, Irene Holmes, Eleanor Moore, Virginia Pratts, Neva Schneider, Deloris Ublacker, Margaret Hoskins, Charles Hallenbeck, Rose Turk, and Edythe Porpa. With many juniors enjoying themselves at Class Night and the Senior Ball, the third and eventful year came to a happy close.

Lo and behold, we were seniors! After a summer that seemed to have wings, we returned to school with the "know-it-all" look that goes with a novice at being a senior. With James Carr heading the class as president, we started the last lap of our school career here. Other officers were: Jack Hallenbeck, vice-president; Lawrence Sutti, secretary; Virginia Pratts, treasurer; and Edythe Porpa, assistant treasurer. Marvin Price, Lawrence Sutti, and Rose Turk, all seniors, headed the Student Council, with Thomas Torchia as chairman of the Student Service Committee. Again the class dance, the Ghost Gallop was a grand success. Our advisor, Miss Shufelt, ever calm and understanding, has been a source of inspiration during this busiest of years. Now, at this writing, we are eagerly awaiting the coming Senior Day, Class Night, and the Senior Ball which will climax what I am sure have been the best four years in the lives of the members of the Class of 1949!

A late-comer to our class, we are proud to be able to have Norma's name among those of the members of the 49'ers. Like most of us, Norma likes vacations and sleeping. However, don't let this mislead you, for Norma is ambitious and hopes to attend the University of Pennsylvania. Dancing and basketball rate high with her.

## JUNIOR CLASS

On September 12, 1946, the class of 1950, one of the largest classes of the school, met to nominate officers for the coming year. As a result of voting a week later, Eleana Bucci took over the responsibility as President; Vernon Wolcott, Vice-President; Shirley Mullins, Secretary; Nancy Jopp, Treasurer; and Wanda Smith and Jill McKinstry, Assistant Treasurers. The selection of representatives to the Student Council, dues collectors, and the purchasing of red and white emblems followed. The climax of our freshman year was our annual "Frosh" dance

which was held on June 6.

It was not long after our summer recess that we were again nominating and electing officers for our second year at H. H. S. Francis Lugert won out as President; Earl Hermance, Vice-President; Barbara Hallenbeck, Secretary; Eleana Bucci, Treasurer; and Margie DeJoy, Assistant Treasurer. The main attraction during the next few months was our class dance, "The Sophomore Shuffle", which took place November 14. This proved not only to be a financial success, but a social one as well.

Coming closer to our destination (graduation), we again decided who our slate of officers for this year was to be. The following were elected to lead the class: John Drabic, President; Barbara Thorn, Vice-President; Lillian Huluk, Secretary; Janice Hover, Treasurer; and Vincent Conte, Assistant Treasurer. During the latter part of April, we held our annual class dance. A circus was our theme and thus it was called "Circus Time Trot". It was a financial as well as a social success. Receiving class rings was another main attraction during this time.

The class of 1950 has been very active in the school program. Representing the class on the varsity basketball were Bill Retz and Richard Stickles, and on the Junior Varsity were Bob Baldwin, Joe Wallach, and Richard Inman. Additional credit goes to all the Junior interclass boys who took the first place title of all interclass games played. Lois Algie is the treasurer of the Charlatans and John Tripodi

is the Charlatan Recording Secretary. New Thespian inductees from the class of "50" this year were: Richard Aiken, Roberta Schuster, and Lillian Huluk who was also elected Secretary of this society. Representing us in the Photography Club, one might be able to see Carl Speich taking "snaps" at a basketball game, football game, or as a matter of fact, at any school activity program. Bernard Fingar holds the office of Vice-President in this club. Rounding up a varied school activity program, the class of "50" is represented in the Projection Club with Louis Sacco as its President. Shirley Mullins was one of the five varsity cheerleaders that "pepped" our teams to victory. In the Music Council, Barbara Thorn held the position of Secretary, and in the Library Club, Margie DeJoy took the responsibility of President.

After three years of experience at H. H. S. the Juniors now feel that they are able to enter upon the duties of their senior year.

## SOPHOMORE CLASS

The class of '51 entered Hudson High School in the fall of 1947. Its first meeting was held on September 11, 1947, at which time nominations were taken for the officers of the class. At the same time, each homeroom elected representatives to the Student Council. The results of the election for officers showed Robert Hardy, president; Malcolm Kritzman, vice-president; Jean Harvey, secretary; and

Jane Patton, Peter Olchow, and Barbara Goldstein, treasurers. Later in the year the class chose its colors of green and white and its emblem. Later, Kaliop Deligianis replaced Jean Harvey as secretary as the latter left school. The freshman dance, "Tulip Time Parade", was held on May 14th and was a big success, both socially and financially. Throughout its freshman year, the class of '51 maintained a large

percentage on the honor roll. In his freshman year, Bob DeCrosta was the big gun on the Junior Varsity basketball team, and he wound up as high scorer for the year. Bob Hardy, Peggy Harrington, and Carl Moore proved their ability as actors and actress in the play, "Tomorrow the World".

When the class of '51 returned to Hudson High as sophomores, it held elections again and this time Basil Markessinis was chosen as president; Lester Kipp as vice-president; Malcolm Kritzman as secretary, and Barbara Beckwith as treasurer. This year the Sophomore dance, "The Reindeer Gallop", was held on December 3 and once again was a big success. This year, too, a large percentage of the honor roll students have been from the class of '51. Again in his sophomore year, Bob DeCrosta showed his basketball ability by starring on the Varsity basketball team. He also received an award for football, as he was the team's outstanding fullback. This year the sophomore class is well represented in the Junior Varsity basketball team with players such as George Super, Robert Mink, Edward Kozel, and

Donald Novak. Mike Baretsky, a member of the class of '51, played end for the H. H. S. football team this year. In other sports, such as interclass and intramural basketball, interclass soccer and track, the class of '51 held its own. A few of the outstanding players in the interclass basketball team are Paul Gorman, Bob Hardy, Robert Benner, and Arthur Gifford. Basil Markessinis did very well both in track and in soccer, earning awards in both sports. Lloyd Scott, "The flying freshman", was one of the stars on the track team. Lester Kipp, who did very well in the mile, also is a member of the class of '51.

In music, as well as sports, the class of '51 is well represented by Lester Kipp, Frances Leck, Esther Linde, Lloyd Scott, Joseph Pettinichi, Harold Kessler, Neil Wallace, John Barber, and Rober Miner who are members of the orchestra, band, or choir.

The class of '51 will be as successful in coming years as it has been before in H. H. S.

# FRESHMAN CLASS

In September 1948, 140 students became known as the class of '52. After a few days of uncertainty as to where to go, they became acquainted enough to go without difficulty to their four homerooms 308, 353, 301, and 209. In February, 1949, 42 9B's came up, swelling the freshman class to 182 in number. Study Hall B became their homeroom with Mr. Nicholas Salerno as their homeroom teacher.

Their first meeting was held September 22 under the guidance of Miss Calkins, the faculty advisor. At this meeting nominations for class officers were made. As a result of voting, the following were elected: president, Joseph Martino; vice-president, Grant Ferris; secretary, Carol Burnap; treasurer, Jack Havlik and assistant treasurers, Beverly Dolan and Alvin Whitaker. Later both Beverly Dolan and Alvin Whitaker resigned and Rachel Borrelle and

Loretta Condra took over their positions. The "frosh" inherited from the class of '48 blue and white as class colors. The emblem they picked is in the shape of a shield. The members of the different homerooms elected their representatives to the Student Council. They are Beverly Dolan, Alvin Whitaker, Joseph Martino, Myron Tokarchuk, and Philip Payne. Carol Burnaup, Anthony Torchia, Rachel Borrelle, Loretta Condra, and Franz June are alternates.

Members of the class of '52 have been interested in a variety of activities. The one that can claim the most members of the class is the Charlatans. In the play "The Song of Bernadette" presented by the Charlatans the freshmen who participated were Harriet McCall, Beatrice Farino, Marlene Jump, Beverly Dolan, Ann Lou Golding, and Loretta Condra. Many more served on committees or as ushers. Freshmen also took an active part in the A Cappella Choir, orchestra, the band, girls' glee club, the "Owl", and Projection Club.

In the winter concert given by the music clubs, a "frosh", Roberta Melius, played a piano solo and Beatrice Farino sang in the girls' sextette. Tom Barry, Jack Havlik, Charles Fisher, Edward Smith,

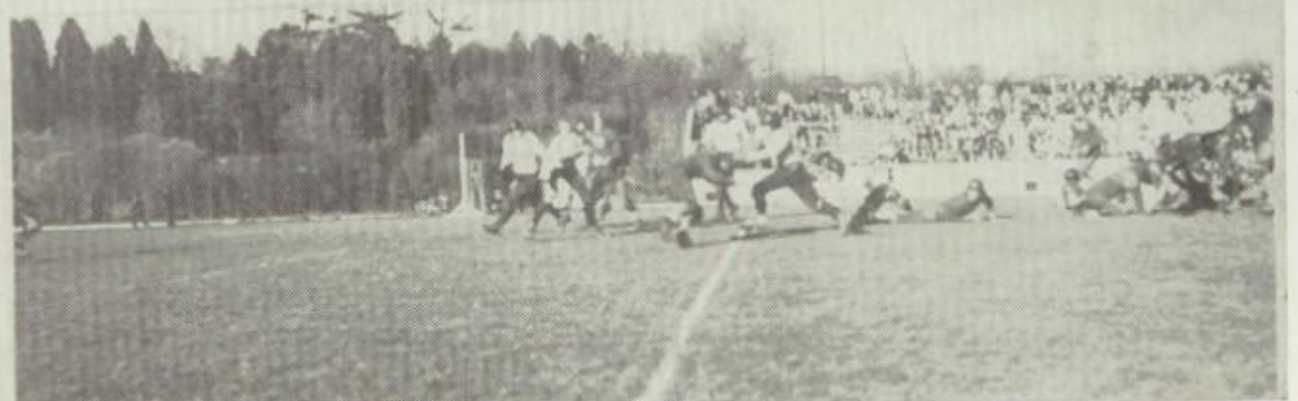

and Norman Griffin represented the "frosh" as members of the Junior Varsity basketball team. On the boys' freshman Interclass basketball team are Norman Griffin, Edward Smith, Grant Ferris, Edward Hamm, Jack Hallenbeck, James Harder, Andy Rehder, Jack Stevens, George Taylor, George Moore, Charles Leggett, and William Ham. The girls also go in for sports. Members of the 1948-49 hockey team of the class of '52 were Ann Lou Golding, Beverly Dolan, Margot Talmage, Lillian Halloran, Patricia Beynart, Barbara Jones, Claire Hallenbeck, and Janice Stickles. Other sports in which the girls participated were volleyball and baseball.

Most "frosh" will always remember the date May 14, 1949. This was the night of the freshman dance. For days ahead committees had worked diligently to make this the "Dance of the Year". The fun lasted from 8 to 12 o'clock. It was a success socially and financially, showing the efficiency of the class of '52.

The freshmen hope to add to their accomplishments during their next three years with the same co-operation and initiative evident in their activities during their first year in high school.

1948-49's Student Council has done an outstanding job of carrying out its aim of governing and assisting the student body of Hudson High. President Marvin Price can point with pride to the accomplishments of the several committees which are part of the Council. Outstanding among these is the Athletic Board, which, under the leadership of Eleanor Moore, has effectively promoted cooperation between the athletic department and the students. During the year the board sponsored the awards of J. V. letters and has urged several surrounding schools to lower their admission fees for basketball games. Dick Avery's Awards Committee has

improved the system by which awards are given to student service committee members, and in general has aided various organizations and clubs of the school in planning their programs. As in past years, Student Council members have served on the Welfare Committee, which this year has sent out many cheering cards to sick students. The Student Council itself has sold pins and kerchiefs, for the first time in several years. But as far as council members are concerned, the biggest things that have happened this year are: student government day, which was highlighted by an senior dance, and the inauguration of a new honor system which, though it has only been in effect for a year, encouraged many students to better their grades.

For the first time Hudson High was honored by having its council president elected to lead the County Association of Student Councils.

The four qualifications — character, scholarship, leadership, and service, for which every student strives, have been achieved by each National Honor Society member.

This has been a very active year for the National Honor Society. An exhibit was put on by the members in honor of American Education Week. Posters and literature were placed in the front hall for all to view. A revision of the Freshman hand books was undertaken. The hand books were checked and retyped so that they were brought up to date. The scholarship classes met from October to May under the chairmanship of

Jane Collier, and with combined efforts the students prepared for the state scholarship exam in May. The tutoring classes have been successful this year. The members also started reading classes for those students who felt they needed help.

The National Honor Society held two inductions: an informal one in December and a formal one in March. Fifteen new members were inducted at a very impressive ceremony. Miss Simon and Mrs. Ham were received as honorary members. Afterwards a tea was held in honor of the new inductees.

## THE OWL

Twenty-seven years ago in 1922 a group of students decided to have a school paper. After serious thought, Chester Eckstein chose a title which is still in existence. *The Owl* affords to all students interested in journalism an opportunity for hard work, responsibility, initiative, and cooperation. Through the efforts of the present staff, the bi-weekly school publication has attained an "A" rating this year at the Columbia Scholastic Press Association.

The list of exchanges, which is approximately twenty-five, kindles an active interest in our newspaper neighbors. This phase of *The Owl* is directed by Frances Finkelstein. To fulfill its duty to the student body, the paper has provided under its sports' department, headed by Barbara Thorn, Norma Minten, James Concra, and Lawrence Satty, a sports' analysis over the PA system. Again this year several students "talk over" the news in *The Owl* on Saturday mornings over WHUC in return for an advertisement in the paper announcing the program.

The staff heads are: co-editors, Edythe Porpa, George Deligianis, Mary Ellan Coons; business managers, Eleana Bucci, Helene Goldstein, Roberta Schuster; chief typist, Irene Holmes; circulation manager, Claire Seaman; copy editors, Lillian Huluk, Anita Kipp, Anna Mae Tomasitz, Frances Finkelstein; photographer, Carl Speich; cartoonist, Lois Engel; and advisors, Mrs. Elizabeth O'Rourke, Miss Alsiee Raymond, Mr. Robert Schmucker, and Mr. Clayton D. Fox.

This year, as in past years, the Student Service Committee was very much in evidence in the halls of Hudson High School. The committee has continued to direct and maintain good traffic conditions in the corridors, by strategically placed monitors.

Increased responsibility has been added to the committee duties such as noon hour corridor patrol and assisting with

tickets and ushering during basketball and football games and the other special assignments at Open House days and other visitation days.

The committee was led this year by Thomas Torchia who, with the aid of the Floor Captains, Rose Turk, Anita Kipp, and Ray Zilnik, turned out a smooth working organization.

The Projection Club of Hudson High is rapidly becoming one of the most active organizations in the school. It owns all of the equipment necessary to show slides and movies correctly. Mr. Warner, the club's advisor, together with the officers, has worked hard to raise the efficiency of the club. They consider one of their greatest accomplishments the making of a democratic constitution which

covers many problems of the organization. The Projection Club's operation funds are raised by the presentation of a full length movie to the student body. The club showed a fine attitude toward school spirit this year by showing a benefit movie for the football team. Many of the club's members have earned a license by passing a test devised by the Bell & Howell Motion Picture Projector Company. This entitles them to operate any Bell & Howell Movie Projector and is also a badge in the field of picture showing.

## GIRLS' GLEE CLUB

The Glee Club, composed of fifty girls' voices under the direction of R. Steele Phillips, experienced one of its most successful years. Because of the numerous other activities scheduled after school, the club now meets 5B lunch period every Tuesday and Thursday.

The group participated in the Winter Concert, an exchange program at Sauger-ties High School, the Spring Concert, and the All County Festival, which took place at Chatham.

Any girl may join the Glee Club, but first she must take a voice test to see whether she qualifies for membership. The Glee Club and Mr. Phillips may well be proud of their accomplishments during the school year 1948-49.

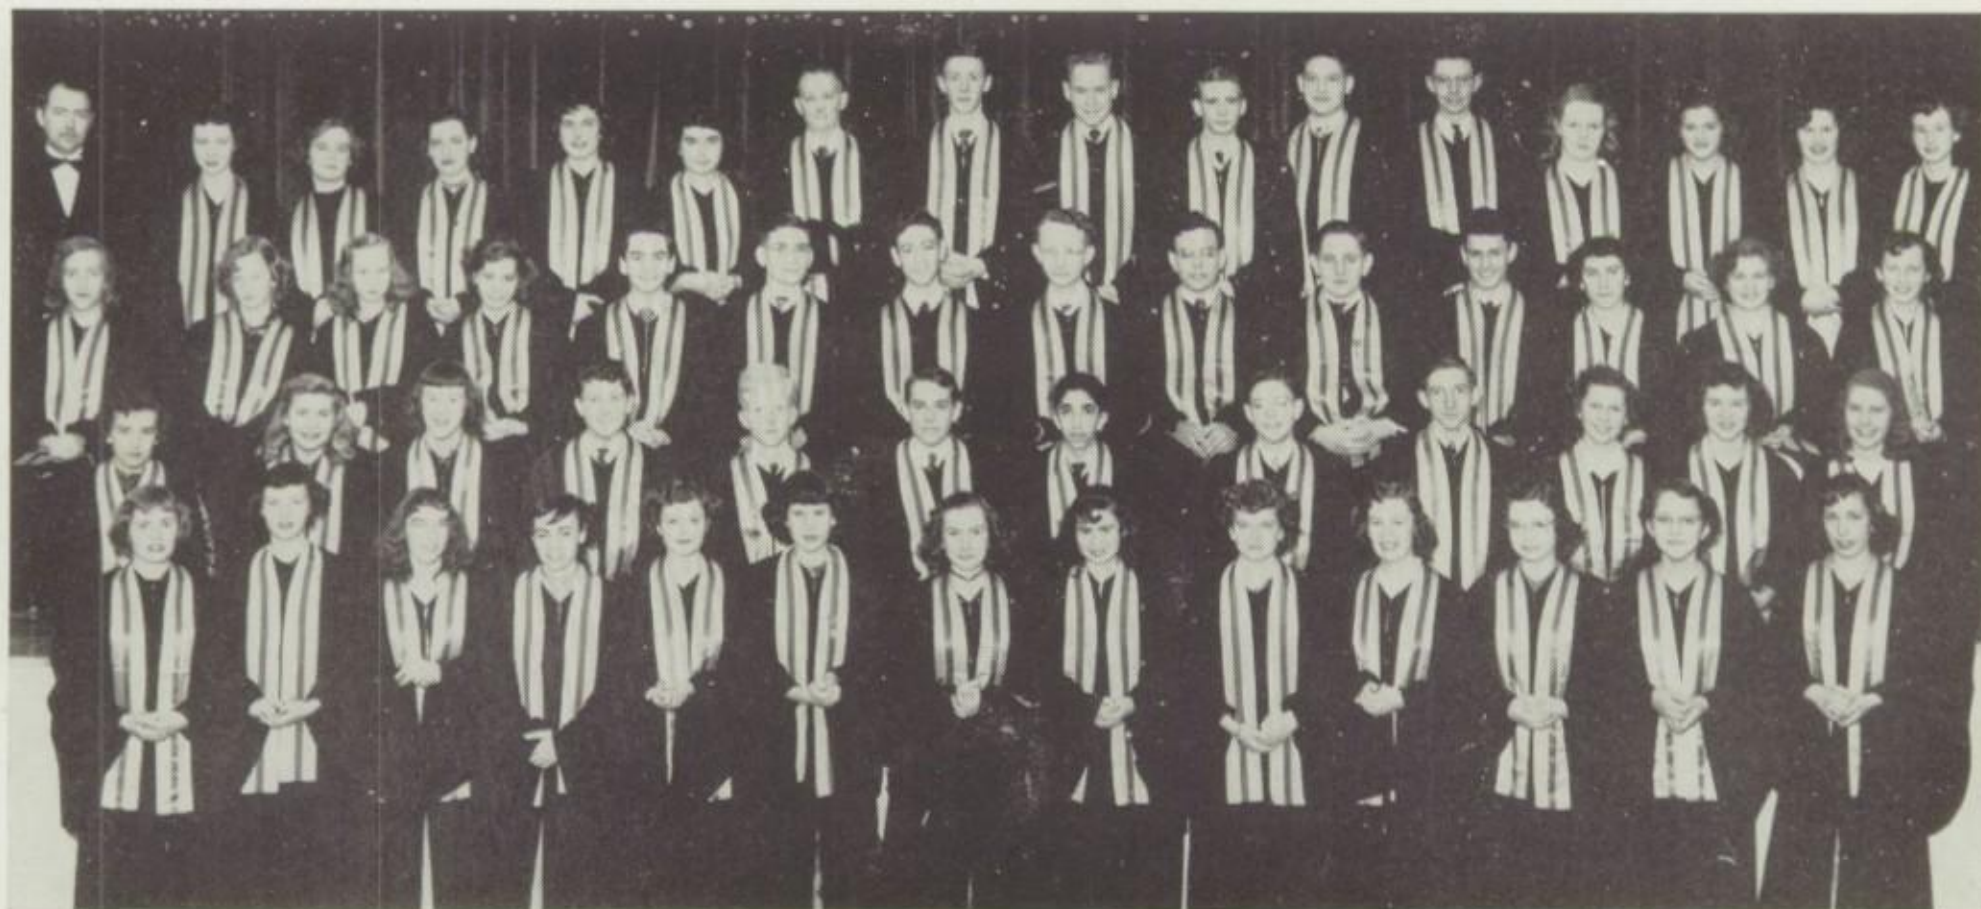

The sixty sopranos, altos, tenors, and basses worked diligently gaining many high praises for their performance in the Winter Concert. With the Glee Club, the Choir traveled to Saugerties in March for an exchange program. We expected to win a high rating in the Spring Festival in May. The members enjoyed Christmas caroling in the streets and then returning to the cafeteria for a Christmas party sponsored by the Music Council. The seniors sang for their last time with the Choir for the Baccalaureate Service in June.

An outstanding soloist this year, Virginia

Belknap, has been active also in ensemble work and in music competition. The girls' sextet was another attraction which was continued this year and sang on many outside occasions. Wanda Wojtowicz, our accompanist, has played for us for the last two years during performances and practices eighth periods on Monday and Thursday. Barbara Hallenbeck and Anthony Tamburro served on the Music Council from the Choir. Members are offered the opportunity to work for more credits by singing with church choirs at special services during the year. Mr. Phillips held the baton to lead us with very good results.

## THE ORCHESTRA

The orchestra this year completed one of its best seasons. Although handicapped by a lack of strings, the orchestra mastered some difficult numbers. In addition to the regular public appearances at the annual music club concerts, the orchestra also entered the All-State Musical Festival in May. Several members participated in another All-State Festival held

in Schenectady in November. Some of the outstanding pieces performed this year were: "Gold and Silver Waltzes" by Franz Lehar; "Russian Chorale and Overture" by Tchaikowsky; Meacham's "American Patrol" and the "Adante" from Haydn's "Surprise Symphony".

Representatives to the Music Council were Carl Mayo and Marilyn Hoyt.

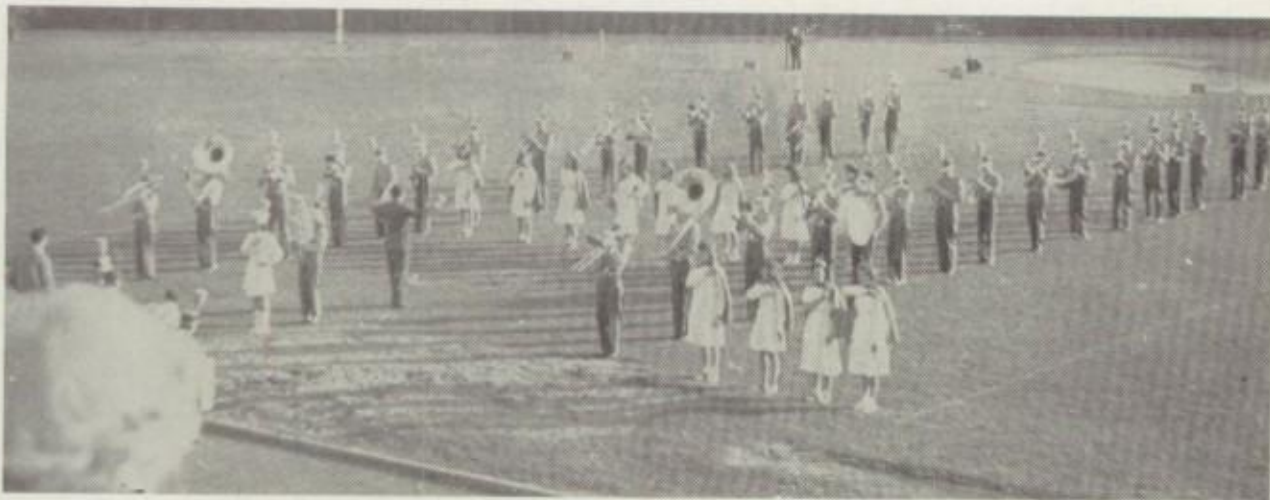

# BAND

This year the band has forty-three members and for the first time in several years took part in the Winter Concert which was held in February. In it the Trumpet Trio, Earl Hermance, Joseph Pettinichi, and Bernard Maiewski, was a popular novelty.

During the football season, the band in its bright blue and gold uniforms, along with the Twirlers, helped to pep up the rooters in the stands. Formation practices proved to be a success for the drills between the halves; even on the many rainy mornings we had to go out and do our stuff. We marched also in the annual Memorial Day Parade. The many

mixed noises that have been heard in the auditorium Friday mornings during announcements were, no doubt, the clarinets, cornets, and saxophones tuning up for the march for the assembly program. We prepared to win a high rating in the Spring Festival held here in May. Sectional rehearsals served as additional practice every Friday to improve the tone and perfect each individual's ability.

The year has been a successful one with a constantly enlarging membership. On the Music Council, Mary Ten Broeck and Bill Young did a fine job, while Mr. Phillips was responsible again for the outstanding results.

A blinding light and a click; what happened? Don't be alarmed; it's just the photography club taking your picture. Each year the attendance of the photo club gets larger, since the students are becoming more interested in this past time. Why not? It's a lot of fun.

Its members have the privilege of using all the school equipment; they are free to use the dark room to develop films and print pictures and to use the B & J Press camera.

In order to promote better photography and stimulate competition, a credit system has been devised when at the end of the year awards are given to those who have attained the highest number of points. Through lectures, discussion and actual experience in the field of photography at the weekly meeting the members are becoming very experienced with this pastime.

To make the club more interesting, the students compete in various contests in the country. The photo club also undertook the task of taking the informal shots for the Blue and Gold this year. Through the able direction of Mr. Frank Leahy, the club has had another successful year.

This club is divided into two sections; the Metal Shop under the direction of Mr. Frank and the Woodworking Shop under the direction of Mr. Klein. Every first period on Thursday mornings the Industrial Arts Club is in session. The members keep busy practicing their skill making various articles. Among their many finished products are paper weights,

hammers, ash trays, and cabinets. In the shop can be found all types and kinds of tools with which the boys can develop their creative ability to the full extent. Available for use by the members are wood lathes, power saws, jig saws, metal lathes, milling machines, a shaper, and a power drill. These modern machines are kept in good shape by the combined efforts of the boys and the advisors. All boys, freshmen through seniors, interested in machines or woodworking, should join this club and try their skill at various phases of this work.

"Mais oui, je comprends le français et vous, monsieur? Le français est une très belle langue et tous les étudiants dans le cercle français parlent cette langue."

If you have the least bit of trouble in translating the above passage, any member of Le Cercle Français will be more than glad to offer his knowledge of French in aiding you. On each alternate Tuesday, at 2:45 P. M., the members of this organization gather in room 202 with Miss Wolcott as advisor. Under the presidency of Edythe Porpa, Le Cercle Français has provided a variety of activities for its

members with the express desire of aiding these students in speaking French more fluently. However, this benefit is not the only factor involved. Enjoyment and recreation rank high during the bi-weekly meetings. By the use of anagrams, bingo and card games, the members increase their vocabulary, pronunciation and at the same time "have fun". The members have often participated in amusing skits, whereby French is spoken with a minimum of the characteristic Frenchman's gestures. During the holiday season, the organization enjoyed a Christmas party during which carols were sung in French, gifts exchanged, and refreshments served.

Each student in his second or third year of French is eligible to participate in the Le Cercle Français.

This year the girls in the Zero-Twenty Club, under the direction of Miss Chace, were busy with work and good times. Included among the activities were the Book Week exhibit with the theme "Books Tell the Story", the annual Christmas party, buying books from

the Book-of-the-Month-Club, playing charades and giving book reviews.

The purpose of the Zero-Twenty is to assist the student body and the librarians as well as benefit the members by teaching them where many important books are located. They do this by working one or more periods a week in the library. During these periods they shelve books, file cards, charge books at the desk, help in inventory, and help with new books of which they always have first preference.

The Future Farmers of America is an organization for the benefit of those who desire to become educated farmers. To help them gain actual experience and see the newest scientific discoveries in this field, the FFA sponsors

many activities. The club had its basketball team in the intramural league, and also participated in the FFA Round Robin games. Funds were obtained by sponsoring the annual FFA Dance and by selling seeds. A Vermin Contest was carried on as part of the conservation program of the chapter. The boys were active in the Columbia-Dutchess County FFA Chapter. William Young was elected Reporter in this group. Perhaps the most outstanding achievement was the revival of the Annual Father and Son Banquet.

The FHA is a club in which the teen age girls learn about things relating to the home. Aside from learning, they help out in the school plan in many ways. The members of 1948-49 took charge of the Red Cross drive in school. At Christmas time they collected food and refinished toys for the less fortunate families of Hudson.

In November the club attended a Booster Day Conference, which was held in Junior High School. Girls from all Eastern states

came here to Hudson to attend this conference. Many friends were made, and all had an enjoyable time.

The club also had several money making schemes, one, a very successful food sale. FHA's last contribution to high school was an assembly program which consisted of manners and a fashion show of Easter fashions, gowns and other spring clothes.

This group has extensive plans for recreation, such as hayrides, picnics, and boatrides, for the summer months.

The meetings were held every Thursday morning under the direction of Mrs. Burgevin and President Arlene Jennings. These meetings were very enjoyable and all interested are encouraged to join.

# THE CHARLATANS

The Charlatans, the dramatic organization of HHS, has one of the largest enrollments of any club in the school. The faculty advisor of this organization is Miss Bette Grant, who is also in charge of the National Thespians.

The meetings held by the club are packed full of constructive enjoyment and club business. Each week there is a short play or a few monologues given during the meeting.

presented were *The Song of Bernadette*, an excellent account of the life of Saint Bernadette, and the hilarious and brilliant hit comedy *Kiss and Tell*, which portrayed the life of two typical teen-agers, Corliss and Dexter. Both the plays were enjoyed very much by the public and students alike. Among other Charlatan-sponsored activities were the Christmas Pageant and "Comin' Round the Mountain", which was a part of the Thespian initiation and was given by the new members of this activity. In recognition of meritorious work in dramatics,

The members of the Charlatans volunteer for this and receive credits accordingly. Each week the meeting is planned by the Charlatan Board, which consists of the officers and Miss Grant. The officers are as follows: president, James Condra; vice-president, Rosalie Epstein; scribe, Jean Fennhahn; treasurer, Lois Algie; recording secretary, John Tripodi; sergeant-at-arms, Robert Hardy; and custodian, Kathryn Stevenson. These students and Miss Grant hold a meeting every Monday morning in the drama shop to determine how much credit each should get for taking such-and-such a part. The board, since it is the governing body of the Charlatans, also has many other duties.

As its major activities, the club gives two performances a year. Usually one of these plays is a serious, deeply moving drama and the other is a comedy. This year the two plays

whether it be backstage or in front of the footlights, a Charlatan member may be inducted into the National Thespian Dramatic Honor Society. This year members were inducted into the Society.

The Charlatans, realizing that some of its new members may lack experience, conduct classes in the various dramatic fields of interests such as set-construction, acting, lighting, and make-up. This is another chance for members to earn credit by either teaching a class or by attending one for instruction.

Radio Station WHUC also has taken quite a bit of Charlatan time. Besides regularly arranged radio skits, there are also *Meet the Cast* programs before every major production over radio station WHUC that give the public a preview of the performances. Regularly arranged radio skits are also given.

*Secretary* - - - - LILLIAN HULUK

At the beginning of the year, the Thespians found themselves only three strong, the three left from the previous year, Rosalie Epstein, George Deligianis, and Elodie Smith. This limited their activities until in February nine Charlatans were inducted into the organization. This induction fell appropriately in National Drama Week and the anniversary of the National Thespians. Observance of the occasion included a display of Charlatan pictures in the front hall, the presentation of a radio play over WHUC, and the assembling of

a scrapbook of the past activities of the Charlatans and Thespians. Highlight of the induction was the one act play, "Comin' Around the Mountain" presented to the student body. The climax followed shortly with a banquet at the St. Charles Hotel at which time the following became members: Carl Moore, Roberta Schuster, Lillian Huluk, Frances Finkelstein, George Marion, Richard Aiken, Virginia Belknap, Kate Stevenson, and James Concra.

Thespian programs for the rest of the year will include monthly meetings at which time discussions of movies, plays, and other phases of dramatics will be held.

This year the Dance Club will be remembered for its show "The Spotlight Revue of '49". The theme was that of a country boy and girl visiting their city cousins. During their stay they toured the high spots of New York City. They visited such places as Central Park, Stork Club, Starlight Roof of the Hotel Astor, Harlem, Chinatown, Copacabanna,

Diamond Horseshoe, Radio City, and Madison Square Garden. The dances featured were comic, tap, ballet, rhumba, ballroom, jitterbugging, and many novelty dances. This year for the first time, boys have participated in the show. All the dances were made up and rehearsed during the beginners and advanced Dance Club meetings.

Besides learning how to dance, the girls learn poise and gracefulness. Dance Club provides a lot of fun and entertainment for all its members under the leadership of Miss Lloyd.

# FOOTBALL '48

On the football front this year Hudson High was hit hard. When the season began, only two lettermen from the previous year were on hand to spark the team. With these two boys as a backbone a fairly strong team was built. Hudson's aggressiveness seemed to show a successful season at hand; however, after the first several games our team found it impossible to get back into the winning column.

Captain Ric Yacone, a letterman and a post graduate, led the team, showing fierce, aggressive football. However, all of his liveliness,

plus that of the team, was no match for the opposition which they faced. Several squads which met the Blue and Gold had the best teams of their entire school histories. It was a sad day, though, when Hudson lost to Scotia. Until this year Scotia had never before beaten Hudson High.

Next year Hudson looks for a better team. Every fellow should be experienced from the playing knowledge that he has gained this year; one of the most promising is Bobby DeCrosta. Several others, including Tom Barry and Francis Lugert, show great possibilities. Good luck, fellows.

# VARSITY BASKETBALL "48"

The Blue and Gold came out on top in basketball with a record of twelve wins and six defeats. Much of the credit due for this record goes to Coach Salerno who throughout the season spent many hours coaching the team.

The season started out very good for Hudson High with one win after another. Philip Schuyler was the first team to upset Hudson. During the two games with Philip Schuyler an outstanding performance was given and Hudson came within nine points of winning both times. These two games were forfeited to Hudson at the end of the season putting Hudson one place out in the B league. Throughout the season Kenneth Sheffer showed a fine brand of basketball. Roland Speer, James Carr and Rico Yacone are others among those who helped ring up the impressive record. It might be mentioned that in two out of season games both St. Mary's and Chatham were defeated by the Blue and Gold.

Next year Bob DeCrosta will star on the Hudson team along with Bow-Wow Stickles. Both boys played continually throughout the season and with this experience behind them should prove well for our team next year. Lots of luck, Fellows.

## J. V. BASKETBALL "48"

This past season proved just one thing to the J. V. Basketball Team; that is, to win you must have experience. Every boy who played J. V. this year was playing on the team for the first time. Probably nervousness caused many of the defeats because in most cases it was at the beginning of the game that they fell down.

Those boys that showed a good brand of ball showed great improvement by the end of the season. Havlik, Super, Baldwin, and Fisher were among these. Next year let's see a winning team backed by an experienced group of boys. O. K., boys, let's go!

A fine showing was made by the Blue and Gold Track Team during the "48" season. At the end of the season the record stood at 3 to 1. Next in line came the A. A. U. Hudson Valley Track meet in Poughkeepsie. Five Hudson lads attended to represent our team, all coming back with honors. Among the awards were: three firsts, one second and a trophy for winning the relay. The last accomplishments was taking second place in the Johnstown meet.

Much of the credit for this record goes to Marvin Price, who was seldom beaten in either the 100 or 220. Ray Shader also deserves part of the spot light for his fine showing in all phases of track.

This spring Marvin Price will be back with Folz and Johns. All these boys are last year's stars and should establish a good record for the "49" season.

*Kneeling:* F. Lugert, R. Himmel, H. Roust, L. Kipp, B. Spector, B. Markessinis, Coach Salerno.

# CHEERLEADING

Kneeling: M. Harrington.  
Row: S. Berman, L. Plass, J. Patton, J. Smith.

At one time or other, every Hudson High student has had a glimpse of these fine bundles of pep, as they ran through one of the school's standard cheers. These five girls, under the leadership of Miss Lloyd, spend every Monday and Wednesday morning up in the gym, strenuously practicing their cheers for the next game. At these practices they also put their wits to work trying to think up some new and clever cheers.

The J. V. Cheerleaders this year, dressed in blue sweaters, gold dickies, and gold skirts cheered the J. V. Squad on to victory. These packages of vigor composed an almost completely new list of cheers. Some of their new cheers were: "The J. V. Hello Cheer," "Play-Play-Win-Win", and "You've Got to Score"; They also included a song, "The Junior Varsity Fight Song".

The Blue and Gold excelled in baseball throughout the "48" season, suffering but one defeat. Delmar was the only team that Hudson failed to crumple.

The season began against Chatham, and in this contest Hudson showed its superiority on the baseball diamond. Next the Blue and Gold matched Cairo, but as before, came out with a very impressive victory. Lansingburg proved to be a tough foe in the next encounter and lost in a final score of 1-0. Saugerties was the only other team which held Hudson to but one run. Kenneth Sheffer proved a heavy hitter during the season and also a great player. Along with Ken in honors comes the excellent pitching of Bob Trowbridge and the splendid fielding of Gerald Bain.

Many of the boys will be on the team again this coming year and it therefore should prove to be as successful as the season past.

Most spring sports proved very successful for Hudson during the "48" season. Tennis is another sport which has produced a good record. At the end of the season an impressive record of 5 wins and 2 loses showed our domination on the tennis courts. Schenectady and Poughkeepsie split games with Hudson, each team winning one and losing one.

Kenneth Van Schaack led the Blue and Gold Team by losing only twice throughout

the entire season. Raymond Ponkos also showed fine ability in the way he handled his racket. Both boys have earned the school Master's Trophy for proving the outstanding tennis players of Hudson High.

On the Tennis Team of "49" both Ray and Ken will be present along with every player from last year except Clarence Wollslager. Prospects look good in the field of tennis for the Blue and Gold this coming year.

## SOCCER "48"

Soccer was reorganized in Hudson two years ago. The first year was a beginning with one tie and the rest in loses. This year the Blue and Gold team tied two. If the team keeps going like this it will be about six years before they have a season of all wins, but next year should prove differently.

Last year the complete soccer team graduated and this year a new group of boys turned

up on the lower athletic field to play soccer. Ken Van Schaack, Tom Torchia and Jack Folz led this year's team, but all the boys should receive credit for trying to better the more experienced teams.

Next year the Hudson students want to see a winning soccer team and the one way to have one is to have a lot of boys backing the team. Let's see how many athletes there really are in Hudson High School. That's a challenge. Let's meet it.

## *A Posthumous Tribute*

By MRS. SQUEAKY

You may remember that little gray mouse,  
Who used Mr. Fox's desk drawer for a  
house.  
He lived in our school for many a year,  
But now Squeaky's dead; this spring,  
'he's not here.  
But here is a message he left with me,  
And I hope you will read it, so that you  
can see  
Just what he thought of your class and mine,  
The best and the nicest of all; "49"

\* \* \*

*To whom its of interest:*

I'd like you to know  
That when this class leaves, I too, must  
go.  
I've been around these parts for years,  
But when I think back, it almost brings  
tears  
To think of the kids who'll never return.  
They've graduated; for them, I yearn.  
The "49-ers", now there's a class!  
But, come this June, they too must pass  
Into the world to seek their ways,  
And they'll leave me behind, as in by-  
gone days.  
But this class is not like the others that went,  
If I stayed behind, my life would be  
spent.  
And so, in June, if all is bright,  
I'll bid this school a fond good night.  
And me and the class of '49  
Will move on together; that'll be fine!  
But I won't forget, when I'm old and creaky,  
The fun I've had.

Sincerely yours,  
SQUEAKY.

\* \* \*

Lilies came up on his grave this spring,  
Last winter, poor Squeaky's soul took  
wing.  
With a halo o'erhead, and a harp in his hand,  
He strums day and night in a heavenly  
band.  
I'm sure that if Squeaky could live once more  
He'd choose to die as he died before.  
For he gave up his life while protecting a  
friend;  
May all of us meet with as noble an  
end.

CHARLES HALLENBECK.

## *That's Life*

Woe is me — oh — woe is me!  
A senior's life is misery.  
A voice seems to whisper, "You are a slave".  
Nevermore will you have the excitement  
you crave.  
How right the voice is, for before me I see  
A list of assignments for poor little me.  
I'll start with MacBeth, now what's there  
to know?  
Besides one simple phrase, "The dear boy  
is a schmoo".  
"Out, out, damned spot. Out, out I say!"  
"Tomorrow and tomorrow", but what of to-  
day?  
My French vocab is sadly lacking.  
This maddening livre needs some attacking.  
Je suis ce que je suis, Oh, what the heck.  
Van Baerle et ses tulipes just make me a  
wreck.  
Humanitarianism is a big enough word.  
But sphygmomanometer is simply absurd.  
This course is well rounded for what's not  
covered in class,  
Is included on the test we're required to pass.  
This chemistry, though, is the worst of the  
bunch.  
In lab we make things that really have  
punch.  
We weep from the bromine, choke on SO<sub>2</sub>  
But for H<sub>2</sub>S there's just one word, PU!  
I'm on the verge of a breakdown; life's is  
but grief!  
Now the telephone's ringing — mercy me  
— no relief!  
Hello, oh, Jim . . . a date for tonight?  
Sure I can, say, Jim, this old world's all right.  
I'm feeling so happy; life is just great!  
Righto, Jim, so long! I'll see you at eight.

ROSALIE EPSTEIN.

## *I Shouldn't Have Done It*

I sit here now, with pen in hand,  
And think of what to write.  
I surely hope this will not last  
All through the long, long night.  
I have a make-up in gym class  
And have no study hall.  
Does anyone know, in 200 words  
How to play basketball?  
For this is what happens to  
Girls like me, who have no study  
Halls, and try to skip gym  
With an excuse too thin  
Which really leads to their fall.  
Yes, this is what happens to girls  
Like me, who have compositions to write,  
That's why I'm slim and grim and dim,  
And stay up late tonight.

HELEN BRIWA.

## *Lament on Gym*

The ropes, the horse, the buck and the  
mats,  
All this equipment is driving me bats.  
I'm tired, I'm weary, I'm stiff to the bone,  
I'm sick of all exercise, I want to go home.  
Right hand to left toe, then straighten your  
back,  
No wonder I feel as limp as a sack.  
Quarter wheel left, then quarterwheel right,  
Our lines are uneven—a sad looking sight.  
Gym classes are 45 minutes in length,  
After this period I lack all my strength.  
To top all this off, I must take a shower,  
Here I've 10 minutes, at home I've an hour.  
The bell will soon ring; I still have to dress,  
A look in the mirror—ye gods, what a mess!  
Gym is required two days every week,  
If I had my choice, other pleasure I'd seek.

LOIS ENGEL.
